

Evaluate Lite

Ardoq Services Offering

Verify and explore your strategic and business outcomes defined during the pre-contract phase to ensure they are fully defined before creating a mutually-agreed success plan.

What it is

Ardoq Professional Services work closely with our Sales and Presales colleagues to ensure a seamless handover of the knowledge and information gathered during pre-contract discussions. This enables continuity both in terms of:

- identifying any opportunities to reuse or build upon work done during any proof-of-value exercise; and
- further refining Ardoq's understanding of your strategic and business outcomes.

Evaluate Lite is the process of delving deeper into the outcomes identified previously and clarifying/defining them further, before breaking them down into actionable tasks both within the Ardoq platform (e.g. use case deployment or feature configuration) and outside it (e.g. establishing operational procedures that enable stakeholders to gain maximum value from Ardoq). We then work with you to produce an agreed Value Roadmap that shows the sequence and estimated timeline of your success journey.

Evaluate Lite consists of the following:

What you'll accomplish

- Build a Value Plan to success
- Create a baseline project schedule for the ongoing tasks in the Ardoq Professional Services engagement

What you'll get

- Introduction/Review Workshop
- Explore/Data Gathering Workshop
- Validation Workshop (if needed)
- Roadmap Presentation Workshop
- Value Roadmap Slide Deck
- Baseline Project Schedule
